

S & W

- We are so grateful to the L-d that all of the documents have come together for submission to the B-ian Consulate. We submitted our documents for long-term visas on October 10th.
- Please pr-y that the visas will be expedited to B-ria in a timely fashion as they told us that it could take up to 45 business days.
- Please to pr-y for the Maternity Home in Eastern Europe, that the director's strength and vision would be renewed, that the house-mom would heal from an ankle sprang and that Susan would find her hope in Ch.

J & J

Praise:

- We were able to go away from the busyness and frequent interruptions of the Life Center for a couple days and begin working on our presentations for our home assignment (which will be this April). It was a wonderful time of peace and tranquillity and pouring into what God has laid on our hearts.

Prayer Needs:

- Our area continues to be in the news with some unrest due to the death of a woman in the country just to the east of us. Please pray that we and our team are not necessarily safe, but rather that we are wise, and that nothing prevents us from doing the work we have been called to do.
- Both of us will be teaching classes this coming term. This is a new responsibility for Mr. J. Please pray that we both will not only teach English well, but that good connections are made with our students.
- Mrs. J is having a ladies craft night on October 27. Please pray that this will provide opportunities for greater relationships and deeper conversations.
- We are planning on having a group of local people over for our Thanksgiving feast. Please pray for those who will be attending to be curious about what we believe.
- We are also planning to show a movie about the meaning of Christmas at a movie night on Christmas. Pray that this is able to happen and that the movie causes many to want to know more.

B & M

- Please pray for our team as we wait for the Lord's leading for our cultural association/center. We have run into some obstacles, and we need the Lord to make it clear what our next steps should be.
- Please pray for our boys as they transition. Marc (âge 24) is moving to Holland on Friday to look for work. Paul (age 22) graduated in June and is applying for work in the US and Europe. Julien (âge 17) is applying for colleges in the US and in Canada. He will graduate in June. Please pray for God's clear leading for each of them and peace as they wait for just the right doors to open. Alexandre (âge 9) is not going to college just yet, but will miss his big brothers!

C & S

- Praise! After a three-month process, we received our new visas, work permit, and stay permits. These visas are good for a year and thankfully, now that we have them, future renewals should be a much easier process.
- Praise! C and his coworker finished a major IT project to move the Asia data center from Thailand to Singapore. This will give consistency and efficiency to the IT services provided to Alliance international workers.
- Please continue to pray for those in our country affected by rising prices and high inflation – 37% last month.
- S has started tutoring a local friend's foster daughter who has experienced gaps in her education. We are working on skills for classroom learning so that she will be able to enroll in a local school. Pray that "Sunny" will soon be able to join her peers and that she will come to understand the Father's love.

S & K

- Future planning that God would make His will clear and guide us.
- For a new location for our ministry center.
- Specific people to pray for their salvation—M & M, R & M, G & J, B, D and for R.

For our family please pray for:

- Encouragement for the kids in school
- Endurance and health
- That God would draw each of us 5 to Himself
